Order: CARNIVORA

Family: CANIDAE

*Dusicyon griseus* (South American grey fox)

2n = 74
**Order:** CARNIVORA  
**Family:** CANIDAE

**Dusicyon griseus** (South American grey fox)

2n=74

**AUTOSOMES:** 72 Acrocentrics

**SEX CHROMOSOMES:**
- X Submetacentric
- Y Minute acrocentric

The karyotypes were kindly donated by Dr. M. Gallardo (Valdivia, Chile) and were prepared from lymphocytes of young animals injected with colchicine. The animals are registered (IZVA284; 319) in the Instituto de Zoología, Universidad Austral, and come from Chile. The karyotypes are essentially identical to those of *Dusicyon vetulus*, the hoary fox (2).
