ALABAMA, UNIVERSITY OF (HUNTSVILLE)

A Knowledge Based Decision Aid for Research and Development Project Evaluation (1988) / Wakefield G S

ALFRED UNIVERSITY

ARIZONA STATE UNIVERSITY

Development of Process Control Procedure Using Attributes Data and an Investigation of Expert System Application (1988) / Date S C

Voice Recognition and Artificial Intelligence in an Air Traffic Control Environment (1988) / Hall R F

A Qualitative Simulation Based Heuristic for Assisting Organizational Acceptance of Computer Integrated Manufacturing (1988) / Paul B K

Smart Help for Operator Performance (Shop): Methodologies and Requirements Definition for Shop Floor Help Systems (1988) / Wall M L

ARKANSAS, UNIVERSITY OF

Analysis of Automated Extraction for a Storage/Retrieval Carousel (1988) / Sullivan E

Real-Time Microcomputer Control and Integration of an Automated Guided Vehicle System (1988) / Whit W A

AUBURN UNIVERSITY

Normal Quantile Approximations of Certain Symmetrical Linear Combinations (1987) / Bowman V A

A Study of Voice Control of Robots (1987) / Cheng S H

The Algebraic Structure of a b[k] Factorial Design (1987) / Chih W W

The Influence of Individual Moderators on the Relationship Between Job Enrichment and Organizational Commitment (1987) / Hodges C R

A Method for Determining the Alias Structure of a Taguchi-Based Statistical Experimental Design (1987) / Schultz L A

The Third and Fourth Moment Limits Required to Achieve an Adequate Normal Approximation for a Linear Combination of Beta Variates (1987) / Wu J C

BOSTON COLLEGE

Technology and Inertia (1988) / Davis H F

BRIGHAM YOUNG UNIVERSITY

NC Tool Path Verification Utilizing Stereographic Display (1988) / Bell K R

Automatic Avoidance of Numerical Control Tooling Fixtures (1988) / Bodine B G

Multi-Point Flame Speed Determination in an Internal Combustion Engine (1988) / Bonin M P

Economic Modeling for Electronic Assembly (1988) / Carter M L

Macromechanical Properties Characterization of an Advanced Polymeric Composite Made by Filament Winding (1988) / Graf M C

Design for Testability (1988) / Haas J D

Incremental Forming of Large Fiber Reinforced Thermoplastic Parts (1988) / Hauwiller P B

Electronic Component Selection Attributes (1988) / Klem P E

A Literature Review of Dimensional Change of Steel During Heat Treatment for Stock Reservation (1988) / Liu C C

Robot Path Following Accuracy and Repeatability (1988) / Mao G

BRIGHAM YOUNG UNIVERSITY
(continued)

Applications of Group Technology for Assembly Intensive Manufacturing (1988) / Midgley B W
Continuous Scallop Height Tool Paths for Sculptured Surfaces (1988) / Mortensen F L
Product Labeling (1988) / Novak R S
Development of a Design Concept Storage and Retrieval System (1988) / Orr R L
Space Filling Curves in Tool Path Applications (1988) / Takezaki Y

CALIFORNIA STATE UNIV. (LONG BEACH)

Location Decision-Making in Manufacturing: A Three City Study (1988) / Moshier S P

CASE WESTERN RESERVE UNIVERSITY

An Interactive Approach for Multiple Objective Integer Programming with Application to the Assembly Line Balancing Problem (1988) / Araki S
A Unified Approach to Predictive Control (1988) / Dong Y
Process Parameter Estimation Based on Integral Measures (1988) / Kuchar A
State Tolerance Relations in Deterministic and Stochastic Automata (1988) / Radivojevitch T
Finite State Algebraic Systems and Trellis Codes (1988) / Trott M D

CENTRAL FLORIDA, UNIVERSITY OF

MRP, JIT and OPT: A Comparison on the Production Floor (1988) / Denicole-Christopher D M
A Student Performance Evaluation Method for an Intelligent Simulation-Based Tutoring System (1988) / Dixon C M

A Proposed System for Determination of Percent Cloud Cover (1988) / Emrich C L
Management Considerations of Productivity Issues for Local Government (1988) / Gilbertson S M
Interactive Video Based Training Systems (1988) / Hightower R H
A Dynamic Performance-Based Student Model for an Intelligent Simulation Training System (1988) / Sargeant J M
A Learning Curve Model for Interrupted Production (1988) / Zarkoob B M

CELSION UNIVERSITY

An Investigation of Localized and Global Approaches for Tiled Window Arrangement (1988) / Chen J F
Analyzing the Effect of Installing Diagnostic Equipment on a Manufacturing Cell (1988) / Lahoti A K
A Simulation Model to Examine Equipment Delays in Adaptive Control Machirng (1988) / Minton E T
An Investigation of Area Coding Techniques for Monochromatic Visual Displays (1988) / Mukherjee S
Development of an Algorithm to Generate a Computer-Generated Time Formula Using Multiple Regression Analysis (1988) / Mukhopadhyay S
Integrated Workcell Control Methodologies (1988) / Tissue J A
