JORS Referees 2001

doi:10.1057/palgrave.jors.2601360

On behalf of our predecessor, John Ranyard, and ourselves we would like to express our thanks to those listed below who have refereed papers in 2001. With an internationally renowned peer-reviewed journal we depend heavily on our referees for a reliable assessment of submitted papers. We appreciate the time devoted by referees in assessing papers and revised versions of papers. In 2002 we move towards greater use of electronic systems for submission of papers, reviewing and record keeping and we hope this will slightly ease the burden on referees.
